Mpanda technical update: mine planning advances

Engineering teams progress integrated mine and plant sequencing for Mpanda.

DreamCore Minerals continues definition work at Mpanda with an emphasis on geotechnical confidence and process readiness.

Key themes include pit sequencing, water balance, and future flotation optionality.

About DreamCore Minerals Limited

DreamCore Minerals Limited is a Tanzanian mining, exploration, and mineral-processing company. Our work is centred on the Mpanda Gold Project in Katavi Region, with corporate leadership in Dodoma, and a growing portfolio that includes Magamba and Dodoma–Chamwino. We develop open-pit mining and processing infrastructure designed with host communities, regulators, and capital partners in view — creating long-term value through responsible operations, engineering discipline, and genuine partnership.
